REDBRIDGE GREEN FAIR

www.rgf.org.uk

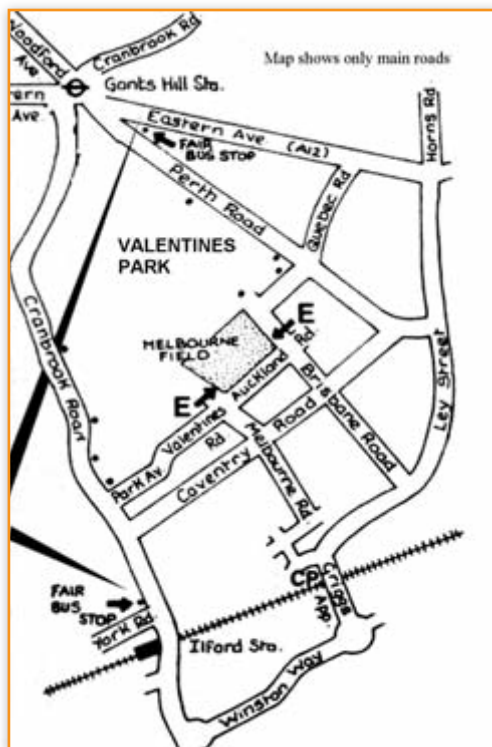

The Redbridge Green Fair is a community festival organised by local volunteers. It's called "green" because it is all about planet Earth – the environment and the people.

Find out practical ways to change your lifestyle and to reduce your carbon footprint. Learn how to make a wildlife garden or balcony, grow your own vegetables, mend a puncture, repair and revamp your clothes and still be fashionable, shop ethically and loads more. At our Give or Take stall you can give or take anything.

Find out all about our community and the issues local people care about. Enjoy the large and free Green Arts area for children and adults including: drumming, green construction, weaving, sculpting, circus skills, batik, story telling, large messy play area for under 5s, and much more.

Enjoy a wide range of music and performances throughout the day on three stages: Original Bands, Young Beat and Local World. Try out our delicious vegetarian food, organic beers and fair trade beverages.

One very special day, once every two years! See website for more details.
